A Message From Follow Your Heart®:

There is a growing body of evidence that confirms eating an exclusively plant-based, whole foods diet, free of added salt, oil, and sugar, is optimal for human health including the prevention and healing of diabetes, heart disease, and many other health issues.

Numerous scientific studies are being presented by many of today's prominent cardiologists, physicians, and researchers which includes the esteemed Dr. Caldwell Esselstyn, M.D., cardiologist Dr. Uri Ben Zur, M.D., F.A.C.C., Dr. Michael Klaper, M.D., Dr. John McDougall, M.D., Dr. Dean Ornish, M.D., Dr. Joel Fuhrman, M.D., and T. Colin Campbell, PhD. to name just a few.

To provide a place for people who want to follow their hearts to a new lifestyle, and who are now left wondering "where can I eat?," Follow Your Heart® presents our newly developed S.O.S. free supplemental menu offerings. Please, enjoy.

Follow Your Heart® is committed to plant-based, whole foods offerings throughout our restaurant and market, not only for the optimal health benefits that are to be gained, but also for an ever-growing demand to support and protect our planet, our environment, and all the life on it. It is in this spirit of health for all life, we choose to Follow Our Hearts.

**Avocado - Avocado is not recommended by Dr. Esselstyn, on the Engine 2 diet for anyone with heart disease.*
