

Joy In a Jar

It's important to remember that we are #allinthistogether. We could all use a little joy & we are here to help! Brighten someone's day by dropping off some #joyinajar. It's easy - grab a jar, any jar, fill it with some extra food, a craft, a plant, a letter... anything that will spark a smile, then knock knock drop at their door. We've even created some cute tags to help get you started. Spread some love!
